SUMMONS.
In the District Court of the First Judicial District of
the Territory of Arizona in and for the County
of Cochise,
ANNIE M. CRAIG, Plaintiff,
vs.
MARION W. CRAIG, Defendant.
Action brought in the district court of the
first judicial district of the Territory of Arizona
in and for the County of Cochise, and the com-
plaint filed therein, within ten days (exclusive of
the day of service), after the service on you of
this summons (if served within this county; or
if served out of this county, but in this district,
within twenty days; otherwise within thirty
days); or judgment by default will be taken
against you according to the prayer of said com-
plaint.

The said action is brought to dissolve the
bonds of matrimony existing between the plain-
tiff Annie M. Craig and defendant Marion W.
Craig and for a decree awarding to plaintiff
certain property mentioned in complaint as her
sole and separate property, for reasonable attor-
ney fees and costs of this action.
Given under my hand and the seal of the
District Court of the First Judicial
District of the Territory of Arizona in and for the County of
Cochise this 15th day of September in the year of our Lord one thousand
eight hundred and ninety-three.
A. H. EMANUEL,
Clerk.

DON'T KNOW

what a comfort it is to
have ready at hand a
remedy that never fails
to relieve Constipation,
and that, without pain or
discomfort; and almost
immediately cures head-
aches, and dispels every
symptom of Dyspepsia.
Such a remedy is found
in Simmons Liver Regu-
lator—not a sweetened
compound to nauseate, or
an intoxicating beverage
to cultivate an alcoholic
appetite, but a medicine
pleasant to the taste, and
perfectly harmless when
given to the smallest
child. S. L. R. never
disappoints. It possesses
the virtues and perfec-
tions of a reliable remedy
of the kind endorsed by
eminent physicians.

"It affords me pleasure to add my testi-
mony to those who receive annually in
reference to your valuable medicine, I
consider Simmons Liver Regulator the
best family medicine on the market. I
have prescribed it with excellent results."

A STATEHOOD convention will be
held in Phoenix on Nov. 4 next. Two
delegates will be allowed each county
for each delegate in the 17th legisla-
ture. The object is to further the in-
terest of statehood and send a com-
mittee to Washington to work for it.

THE EXAMINER has been brought to
its senses by a rapidly failing subscrip-
tion list. Its issue of last Wednesday
contains a wild onslaught on the ad-
ministration which it has been up-
holding. The cause of this change of
heart can be ascribed to a proba-
bly refusal of President Cleveland to listen
to its pleadings for recognition in the
division of offices and spoils in the
golden state. The Examiner's actions
remind one of many small fry papers
which expound doctrine for revenue
only.

THE state depository scheme is a
popular one and receives the endorse-
ment of every citizen who has given
it a thought. Let each state issue its
own currency based on silver bullion
deposits. The states that do not wish
to take it at par cannot have the trade
of the people who hold it. California,
Nevada, Utah, New Mexico, Idaho,
Arizona and a half dozen other states
and territories can trade within them-
selves and prosper far more than they
do under the present plan of dumping
the product of their labors into the
coffers of the far eastern Shylocks,
who use their gains thus acquired to
crush the people from whom they
acquire it.

KNOWLEDGE

Brings comfort and improvement and
tends to personal enjoyment when
rightly used. The many, who live bet-
ter than others and enjoy life more, with
less expenditure, by more promptly
adapting the world's best products to
the needs of physical being, will attest
the value to health of the pure liquid
laxative principles embraced in the
remedy, Syrup of Figs.
Its excellence is due to its presenting
in the form most acceptable and pleas-
ant to the taste, the refreshing and truly
beneficial properties of a perfect laxa-
tive; effectually cleansing the system,
dispelling colds, headaches and fevers
and permanently curing constipation.
It has given satisfaction to millions and
met with the approval of the medical
profession, because it acts on the Kid-
neys, Liver and Bowels without weak-
ening them and it is perfectly free from
every objectionable substance.
Syrup of Figs is for sale by all drug-
gists in 50c and \$1 bottles, but it is man-
ufactured by the California Fig Syrup
Co. only, whose name is printed on every
package, also the name, Syrup of Figs,
and being well informed, you will not
accept any substitute if offered.

The weighing of gold bullion in one

1887. The seals show that the door
had not been opened.

Gov. Hughes of Arizona has submit-
ted his annual report to the secretary
of the interior. It states that the
year has been one of average prosper-
ity, and that the smuggling of Chinese
continues unabated. The report
makes a plea for statehood.

An enormous deficiency will be
realized in the hop crop of Germany
this year. Consul-General Mason at
Frankfort has informed the state de-
partment that owing to the abnormal
conditions which existed this season
the crop will be 19,480,000 metric
pounds less than last year.

The Russian government has or-
dered that its mints shall no longer
receive from individuals silver bars or
worn silver pieces to be converted into
coin. The importation of foreign
silver coin is prohibited. This pro-
hibition, however, will not apply to
Chinese coin, which China may still
send into Russia over the frontier.

The senate committee on Indian
affairs has ordered a reverse report on
the nominations on the man from
Mississippi as Indian agent at Yank-
ton, S. D. The committee also voted
six to two that it would reject all
nominations where the appointees
were sent from one state or territory
to the representatives of the state or ter-
ritory.

Safe, Sure and Speedy.

No external remedy ever yet de-
vised has so fully and unquestionably
met these three prime conditions as
ALLCOCK'S PORE'S PLASTERS. They
are safe because they contain no dele-
terious drugs and are manufactured
upon scientific principles of medicine.
They are sure because nothing goes
into them except ingredients which
are exactly adapted to the purposes
for which a plaster is required. They
are speedy in their action because
their medicinal qualities go right to
their work of relieving pain and re-
storing the natural and healthy per-
formance of the functions of muscles,
nerves and skin. Ask for ALLCOCK'S
and do not be induced to accept a
substitute.

BRANDRETH'S PILLS are safe and
sure.

Talking Through Your Hat.

This phrase, common all over the
United States and the rest of the
world, originated, like all world famed
sayings, in Arizona. In 1881,
while Geronimo was rounding up the
white folks of this territory, making a
record for himself that should fit him
for the exalted position of Sunday
school superintendent and corrector
of morals in Alabama, "talking
through your hat" was first promi-
nently brought before the public. The
cowboys, in order to look bad and
keep the sun from spoiling their com-
plexions, wear broad brimmed hats of
heavy material. During the Indian
campaign of the fall of '81 Big Bill
Blodgett organized a company of cow
boys to hunt Geronimo. Each man
carried a Winchester and each hat had
a hole through it. They had an en-
counter with Geronimo's band one
day. Each man lay upon the ground
on his stomach with his hat in front
of him, toward the enemy. Twenty
seven rifles stuck through the holes in
27 hats, and pumped lead into the
rocks for several hours until darkness
reigned. Geronimo, after his capture
alluded to this fight with cowboys and
with a grunt ejaculated: "Ugh!
Cowboy heap talkes through hat," and
thus did his name become immortal-
ized.

Proclamation of the Governor.

EXECUTIVE DEPARTMENT,
TERRITORY OF ARIZONA,
WHEREAS, There will be convened at Los
Angeles, California, on the 10th day of October
1893, and on the 15th, 16th, 17th, 18th, 19th, 20th,
21st, 22nd, 23rd, 24th, 25th, 26th, 27th, 28th, 29th,
30th, and 31st of October, 1893, at which
meeting representatives of the United States,
Europe, Asia and Australia will be present, and
at which a number of important questions, relat-
ing to irrigation law, irrigation securities, irri-
gation methods etc., will be discussed and de-
termined.

The importance of this congress has received
recognition from the national government in a
circular letter issued by the Hon. Walter Q.
Gresham, Secretary of State, dated July 7th
1893, inviting the attendance of representa-
tives from all foreign governments interested in the
subject of irrigation. The department of the
interior will be represented by an officer spe-
cially detailed to impart to the congress such
information as may be in the possession of the
government, obtained by surveys which have
been carried on for several years by the United
States geological survey under and by direction
of the government.

As delegates will be present from all the
states and territories where irrigation is car-
ried on, and from foreign countries, where this mode
of agriculture has been experimented with for
years, the discussion will prove of the highest
practical value to every citizen interested in the
development of Arizona.

There is no question which presents itself to
the western half of the United States, especially
to our own section, which is of greater impor-
tance and fraught with more momentous results
than the solution of the arid land problem. It
means the reclamation of many millions acres of
land, the employment of thousands of people,
and the providing of myriads of families with
farms and homes, resulting in the production of
untold wealth.

Our people can point with pride to the won-
derful results that have been achieved by irri-
gation within our own borders, in the reclama-
tion of over half a million acres of land and the
contemplated reclamation of a million more in
the immediate future. This is enough to inspire
enthusiastic hope in the possibilities of Arizona
historical and agricultural resources, and
should serve to excite the deepest interest of our
citizens in this congress.

The congress will so doubt discuss and by
resolution adopt and recommend to the congress
of the United States a policy by which these
lands may be most wisely reclaimed. Such a
policy if simply practiced and involving little
if any cost to the federal government will not
only be of great benefit to the nation, but
will also be of great benefit to the people of
this territory.

Now, therefore, I, L. C. Hughes, governor of
the Territory of Arizona, do hereby request and
urge the people of the territory to interest them-
selves in the coming congress, both by the dis-
cussion of the subject and recommendation to the
proper officials the selection and appointment of
delegates specially qualified to present the views
of our people on the irrigation interests of Ari-
zona, and by their practical experience to assist
in bringing the deliberations to a successful con-
clusion.

In witness whereof I have hereunto set my
hand and caused the Great Seal of the Terri-
tory of Arizona to be af-
fixed at Phoenix, this the eleventh
day of September in the year of
our Lord, one thousand eight hun-
dred and ninety-three.
L. C. HUGHES,
Governor.

Attest:
C. M. BRUCE, Secretary of the Territory.

INFLUENZA,

Or La Grippe, though occasionally epi-
demic, is always more or less prevalent.
The best remedy for this complaint
is Ayer's Cherry Pectoral.

"Last Spring, I was taken down with
La Grippe. At times I was completely pros-
trated, and so difficult was my breathing
that my breath seemed as if confined in my
chest. I procured a bottle of Ayer's
Cherry Pectoral, and no sooner had I be-
gan taking it than relief followed. I could not be-
lieve that the effect would be so rapid and the
cure so complete. It is truly a wonderful medi-
cine."—W. H. WILLIAMS, Crook City, N. D.
